

PUSH. TWIST. CLICK. DONE.

Yeah, changing cleats is that easy!

Toss the power drills, screwdrivers, and vice grips.

The FastTwist Insert System from PrideSports locks your cleats securely in place by hand with an easy quarter turn and an audible responsive click.

That's all there is to it!

88% of today's PGA Tour players trust their FastTwist Insert System in competitive play. And 9 of the top 10 footwear manufacturers install FastTwist as original equipment in their best shoes.

Stock the original FastTwist Cleat Insert System in your shop. Let FastTwist officially take you out of the cleat changing business and into the bottom line changing business. Ask your PrideSports representative or distributor for Softspikes Pulsar replacement golf cleats with the patented FastTwist Insert System. Full P-O-P displays, individual packaging, and the complete line of Softspikes cleats are available upon request. Please call your local distributor or Softspikes Europe at 00 44 1827 56544.
