

# When you told us how to make GolfGopher better, we listened.

**“IVR and touch-screen  
would be nice”**

**“Destination markets  
are important to me”**

**“Don’t forget the  
hotel packagers”**

**“How ‘bout a complete  
Muni package?”**

**W**e’re proud that GolfGopher is being jointly developed with a core of your fellow PGA Professionals. Their input translates into technology that is easy-to-use, economical, and powerfully efficient in helping manage your golf course operations.

So when you told us to beef up our Internet reservations system, incorporate hotel packagers and destination markets, and create a complete package for muni’s ... we listened.

Now, with the acquisition and merger of Teetimes.com, GolfGopher offers an even more comprehensive suite of business tools for golf professionals, golf course owners and operators, hoteliers, and travel providers.

Stop by booth 8224 for a demonstration of GolfGopher’s newest features and product benefits. See how Teetimes.com and other innovative technologies have integrated into the growing line of sophisticated golf course management solutions now offered under the GolfGopher brand.
